

Washing-machine Product Content Review Report

Walton Website – Washing-machine Product Content Section

The Washing-machine section of the Walton website has been review to evaluate content quality, accuracy, and user experience. This review highlights several issues related to language consistency, outdated content, SEO descriptions, and product information. The purpose of this report is to identify these gaps and support necessary improvements for a better and more user-friendly experience. The detailed observations are presented in the table below for clear understanding.

Observations

SL No.	Observation / Issue Description	Supporting Evidence (Screenshot Reference)
--------	---------------------------------	--

1	User Manual is missing in bangla section. Need to fix this Problem. Product: WWM-AFC12M Product Link: https://waltonbd.com/washing-machine/automatic-front-load/wwm-afc12m-12-8-kg-washer-dryer-combo?route=washing-machine%2Fautomatic-front-load%2Fwwm-afc12m-12-8-kg-washer-dryer-combo Link: https://waltonbd.com/washing-machine/automatic-front-load/wwm-aft90w-9kg-front-loading-washer?route=washing-machine%2Fautomatic-front-load%2Fwwm-aft90w-9kg-front-loading-washer	 The screenshot shows the Walton Bangladesh website. The top navigation bar includes links for 'Features', 'Technical Specifications', 'Product Gallery', 'Support', and 'User Manual'. The 'User Manual' link is highlighted with a red rectangular box. Below the navigation bar, the website features a large banner with the Walton logo and several columns of text and images. The 'Support' section on the right includes a 'Download User Manual' button and a 'Download User Manual' button. The 'User Manual' link in the top navigation bar is highlighted with a red rectangular box.

9	No Photo on picture section. Product: WWM-AFM90 Link: https://waltonbd.com/washing-machine/automatic-front-load/wwm-afm90	
10.	NO video found. Need to fix it or add video. Product: WWM-AFT80Wi Link: https://waltonbd.com/washing-machine/automatic-front-load/wwm-aft80wi-8-kg-front-loading-washer-with-wifi-control	

Conclusion

The findings indicate that improvements are required in multiple areas, including content updates, language consistency, SEO optimization, and data accuracy. Addressing these issues will enhance overall user experience and ensure better presentation of washing machine products.

We kindly request the support and cooperation of the Branding Team, Graphics Department, and R&I Team to review the identified issues and provide the necessary updates and guidance for effective resolution.
